Introducing a New Way to Pay

SAMSUNG Pay

WestEdge Visa debit and credit cards can now be added to your favorite wallet apps, including Apple Pay, Samsung Pay, and Google Pay. Now you can now enjoy all the benefits of your WestEdge card with the convenience and security that comes with having it on your smartphone or watch.

Your card information is protected because it is not stored on your device or shared with merchants when you pay. Instead of transmitting your card number, they send a temporary token that verifies the transaction. Each transaction is authenticated by your passcode, fingerprint, or facial recognition.

Get started today! Just add your WestEdge card to your favorite digital wallet – Apple Pay, Samsung Pay, or Google Pay.
